

Railway station loudspeaker

BHF-4

The railway station loudspeaker is supposed to be installed in round-shaped platform lightings ("Fischer" system).
The black plastic housing is completely closed, the grey front skin protects against moisture.

Typ	BHF-4
load rating	4W / 100V
Impedance	2500 Ω
Transformer matching	4 / 2 / 1
Sound pressure level (1W/1m)	92dB
max. Sound pressure level (1m)	98dB
Frequency range (-10dB)	150-15000 Hz
Dimensions (mm)	160x90x92
cable length	550mm
weight	0,75 kg
Color	black/grey
